

SG15

KENT

UPDATED: 21.08.2012

Remove stripped screws in seconds!

SG15 is a friction gel that is designed to assist in the removal of stripped or damaged screwheads and other fixings.

Part N°: 86087 28 SG15 15ml

Features & Benefits

- Aids in removing damaged screw heads
 - Can be used on crosshead, phillips, torx, allen head and other fixings
 - Increases torque between 400-800%
 - Prevents damage to tools
 - Can also be used on rounded off nuts
 - Approved for use on Boeing Airline Jets, Military Fighter Jets & the RAF, Richland, UK
- Saves time and money
 - Multi use product
 - Makes removing fixings easy
 - Saves money and unnecessary tool replacement
 - Wide range of applications

Applications

SG15 is a gel that when applied to damaged screw heads or rounded off nuts, allows the tool to grip tighter without slippage, and allows the fixing to be either undone or done up. This also prolongs tool life and prevents early replacement of tools such as screwdrivers through damaged tips. SG15 has countless applications in Automotive, marine, and general industry and is an invaluable addition to any toolbox.

Instructions

1. Apply a drop of SG15 to the damaged screw head.
2. Work product into the screwhead with the tool.
3. Undo or do up the fastener as normal.

Hints & Tips

Apply SG 15 to the jaw faces of adjustable pliers to get a better grip on round items such as pipework.
